SUMMARY

A graduate of Mass Communication with the passion of disseminating true and verified information to the publics and ensuring the publics is very well informed. I am committed to disseminating information to the publics. With the skill of interpersonal communication, I aim at ensuring a hitch free and smooth communication flow in achieving the goal of communication to the publics by the organization. I have the intention of ensuring that the aim of communication within the organization is accomplished and information is not being miscommunicated and also that information, ideas and opinions are communicated in the best way to avoid disagreements and challenges.
